

Smile for a Mile 2017

Please sponsor me to Smile for a Mile

Families across the UK will be walking/rolling/pushing and most importantly SMILING for a mile to raise funds for Special Kids in the UK

Special Kids in the UK are a national charity that helps to support families that have a child with a disability.

Special kids in the UK run a dedicated and secure online forum that compliments their informative website.

Run by a team of volunteers they arrange days out for their members which include trips to local zoos, parks and specialist spaces.

They have arranged a surfing weekend for the past two years.

The highlight of the year is an annual camping holiday where families come together for friendship and support. Special kids in the UK subsidise the cost as well as providing refreshments, food and lots of entertainment

Please help me to support Special Kids in the UK so they can support more families like mine
